Short description

Customizable U-Hook with adjustable dimensions

Description

This parametric OpenSCAD U-hook is customizable, allowing you to adjust the hook's dimensions and wall thickness to suit various applications. The design includes options for a rounded or square hook, with the ability to specify the hook's height, width, and wall thickness. The hook can be used for hanging various items, such as tools, decorations, or household items. The parameters are easily adjustable through the OpenSCAD interface, making it a versatile and customizable solution for different needs.
