Short description:

European themed gyroscopic Christmas tree ornaments.

Description:

European themed gyroscopic christmas tree ornaments.

Made for the local school European club, the countries are represented by a landmark from each capital. Also included is a tree topper (print two copies and glue them together), a star (like the ones on the EU Flag) and a local landmark to represent our region (Madeira Island).

The smallest details might not be printable, if you want them just enlarge the model until the slicer can generate them.

If you can, please use the online documentation found at <http://www.youmagine.com/designs/european-christmas-tree-ornaments> because those may have been been updated. Also, there you can interact and provide praise and/or feedback.
