Short description:

a diamond shaped headphone stand

Description:

It was time for a new one, so I sketched, extruded and chamfered one. Originally it is 200mm in height, but I had to split the design for scaling the parts up to 125% to support my headphones.

If you can, please use the online documentation found at <http://www.youmagine.com/designs/headphone-stand-diamond> because those may have been updated. Also, there you can interact and provide praise and/or feedback.
