## Short description:

Seed tray for cage birds

## Description:

This is a shallow seed tray/dish with brackets to attach to the cage bars using M3 bolts and printed brackets. I have used this on horizontal bars but it should work as well on vertical bars. My budgie loves it.

If you can, please use the online documentation found at <http://www.youmagine.com/designs/bird-seed-tray> because those may have been been updated. Also, there you can interact and provide praise and/or feedback.
