Short description:

A happy star ornament

Description:

That was the first thing I designed in FreeCAD, as a printing test object, when I bought a 3d printer. To be used as a key chain ornament, you should scale it down to 65% or less.

If you can, please use the online documentation found at <http://www.youmagine.com/designs/key-ring-chain-happy-star> because those may have been updated. Also, there you can interact and provide praise and/or feedback.
