## Short description:

A monstrous egg for your home or games!

## Description:

Contemplating what lies within will never leave an unfortunate mind stricken with such dreadful thoughts. Will you tame the unspeakable horrors it begets into our world, or unleash them upon your foes? This hollow egg measures approx. 67 x 67 x 74 mm and has a roughly 40 mm opening at the bottom. Its thin walls with well defined features make it a perfect lithophane for LED tealights, either as-is or after painting.
