Short description:

Venus De Milo with built in Supports

Description:

I wanted to print this without bed supports. Used Meshmixer to add supports in the most acute areas. Printed great. Simply snip off supports at point. Printed at 0.3, no infill, printed about 9 inches tall. I "reduced" original 3d scan from CosmoWenman in MM. # Print Settings Printer: Monoprice i3 Plus Rafts: No Supports: No Resolution: 0.3 Notes: Used a brim only.

If you can, please use the online documentation found at <http://www.youmagine.com/designs/venus-de-milo-with-built-in-supports> because those may have been updated. Also, there you can interact and provide praise and/or feedback.
