Hear,See,Speak No Evil Geocache set

Description:

This remix was challenging, as the Speak no evil model was a much larger scale and had thousands of mesh errors and I had to learn a little fusion to fix it. Speak no evil will print with a single layer of plastic covering the hole for the plug, it's easy enough to cut away with a razer knife, so I didn't bother trying to fix it.

If you can, please use the online documentation found at <http://www.youmagine.com/designs/hear-see-speak-no-evil-geocache-set> because those may have been been updated. Also, there you can interact and provide praise and/or feedback.
